AEGIS
FLEET AI

EXECUTIVE · OVERVIEW

Executive Overview

for medical & EMS fleet operations

JUNE 2026

One fleet OS · Built on your data · Live in 30 days

INTELLIGENT FLEET · SECURE FUTURE

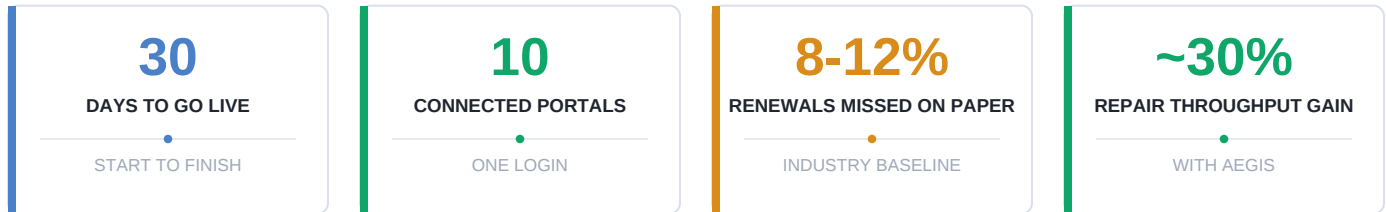

EXECUTIVE OVERVIEW

EXECUTIVE SUMMARY

AEGIS Fleet AI is a custom command center that sits on top of the systems you already use - Smartsheet, spreadsheets, exports. Your data stays where it is; ten connected portals turn raw rows into operational decisions. Built for medical & EMS fleets. Live in 30 days, fleet-wide in 90.

KEY METRICS

WHAT YOUR FLEET GETS

- + Zero missed compliance**
Renewal triggers at 60 / 30 / 7 days; documents attached.
- + Live map + 24-hr playback**
Vehicle, driver, speed - county / state view.
- + Full cert tracking**
Paramedic, ACLS, PALS, CDL, HAZMAT + more.
- + Repair throughput up ~30%**
One ticket flow across every bay.
- + Reports your CFO trusts**
Executive PDF templates, on demand.
- + AI that knows your fleet**
Aegis voice + chat. Ask anything.

“ Built hand-in-hand with a working medical & EMS fleet - not a generic template. ”

EXECUTIVE OVERVIEW · CONTINUED

KEY INSIGHTS

- 1 Compliance, automated.**
Paper systems miss 8-12% of renewals per cycle at \$600-\$1,800 each. AEGIS triggers alerts at 60 / 30 / 7 days with the document attached.
- 2 Repairs, coordinated.**
Mechanics lose ~1.5 hrs/day chasing tickets across email and text. One AEGIS ticket flow lifts throughput by roughly 30%.
- 3 The whole fleet, one screen.**
Live map with vehicle, driver, and speed; 24-hr playback; ten connected portals from command center to compliance.
- 4 Built on what you have.**
Sits on your existing Smartsheet / spreadsheets - no migration, no license lock-in. Live in 30 days, fleet-wide in 90.

RECOMMENDED ACTION

Book a 30-minute demo to see AEGIS live and scope a pilot to your fleet.
